2026 SAFEGUARDING AUDIT REPORT

NGB NAME:	U.S. Biathlon
CITY/STATE:	Midway, UT
EVENT DATE:	June 19, 2026

BACKGROUND AND AUDIT PURPOSE

The U.S. Center for SafeSport (the Center) is working to build a sport community in which everyone can work and learn together in an atmosphere free of emotional, physical, and sexual abuse and misconduct. Federal law 36 U.S.C. §220541 authorizes the Center to develop and enforce abuse prevention policies and procedures that the U.S. Olympic & Paralympic Committee (USOPC) and its National Governing Bodies (NGBs) must implement.

In accordance with that law, the Center has been granted authority to annually complete regular and random audits of NGBs and the USOPC. The Center objectively evaluates adherence and level of compliance to the requirements set forth in the SafeSport Code and the Minor Athlete Abuse Prevention.

AUDIT SCOPE AND METHODOLOGY

This 2026 audit is based on Event Audit Standards articulated in the U.S. Center for SafeSport Audit and Compliance Manual. During the audit, the Center reviewed policies and procedures, evaluated processes, administered implementation fidelity testing, conducted on-site inspections and interviewed individuals at the event site.

COMPLIANCE SCORING GUIDE

As part of the auditing procedures administered by the U.S. Center for SafeSport, each Organization will be evaluated and assigned a rating for every applicable audit standard. These ratings reflect the extent to which the Organization has implemented and adhered to the tenets outlined in each standard. The compliance score categories are as follows:

COMPLIANCE SCORE	DEFINITION
Compliant	The organization has successfully met the requirements of the audit standard, resulting in a meaningful reduction in risk to sport environments.
Needs Improvement	While some elements of the standard have been met, there are gaps in implementation or consistency by the Organization. These gaps reduce the overall effectiveness of the Organization's safety efforts and indicate a moderate level of risk within the sport environment.
Deficient	The Organization has failed to meet critical components of the audit standard, resulting in a heightened and unacceptable level of risk within the sport environment.

**To learn more about the above definitions, please refer to the Audit & Compliance Manual, Pg. 14-15.*

EXECUTIVE SUMMARY

SUMMARY OF FINDINGS

The U.S. Center for SafeSport's Audit Team conducted a Safeguarding Audit of U.S. Biathlon to assess compliance with the Center's 2026 Audit Standards. The audit evaluated compliance and risk-management practices in four areas: Education and Training; Communication and Athlete Safety Awareness; Program Management and Governance; and Response and Resolution Systems.

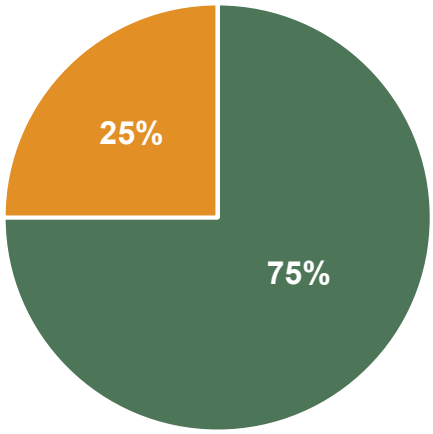

U.S. Biathlon was found Compliant with 75% (18 of 24) applicable Standards and 25% (6 of 24) standards rated as Needs Improvement.

Strengths include U.S. Biathlon's structured procedures and policies that support training compliance and participant eligibility at Tier 1 and Tier 2 events, as well as its commitment to adhering to athlete education and training requirements. Additional strengths include compliance with required athlete safeguarding policy publication standards and the existence of established Response and Resolution policies that provide a clear framework for addressing concerns and reported misconduct. However, improvements are needed to ensure consistent annual communication of reporting protocols, the MAAPP, and available parent/guardian and minor-athlete training related to abuse and reporting.

Detailed audit results, findings, and required corrective actions are provided below.
