

2022 MAAPP NEED TO KNOW

FOR EMERGENCY
CARE PROVIDERS

DO YOU PROVIDE EMERGENCY CARE SERVICES (SUCH AS IMPLEMENTING RETURN-TO-PLAY PROTOCOLS OR TREATING SEVERE INJURIES) AT SPORT EVENTS AFFILIATED WITH THE OLYMPIC AND PARALYMPIC MOVEMENT?

If so, you are required to comply with the Required Prevention Policies in the Minor Athlete Abuse Prevention Policies (MAAPP), which help prevent abuse by requiring training and limiting one-on-one interactions between Minor Athletes and Adult Participants.

If you also provide nonemergency athletic training care (such as taping, icing, or massaging) to Minor Athletes, you must follow the MAAPP's Education and Training Policy as well. If you are unsure of your responsibilities, please contact the Organization.

To comply with the MAAPP, one-on-one interactions between you and Minor Athletes must be observable and interruptible by another individual. Exceptions apply in emergencies.

Report any concern about abuse or misconduct to the U.S. Center for SafeSport (uscenterforsafesport.org/report-a-concern/) or your organization, and thank you for your efforts to keep athletes safe.
