DEPARTMENT

NGB NAME:

National Wheelchair Basketball Association

ADMINISTRATIVE AUDIT SITE:

NWBA Headquarters

ADMINISTRATIVE AUDIT DATE:

October 26, 2021

BACKGROUND AND AUDIT PURPOSE

The U.S. Center for SafeSport (hereinafter “the Center”) is committed to building a sport community where participants can work and learn together in an atmosphere free of emotional, physical, and sexual misconduct. In accordance with 36 U.S. Code 220541, the Center has been granted authority to complete regular and random audits of the NGBs recognized by the U.S. Olympic & Paralympic Committee. The Center will objectively evaluate adherence and level of compliance to the requirements set forth in the U.S. Center for SafeSport Code and the Minor Athlete Abuse Prevention Policies (hereinafter “the MAAPP”).

AUDIT SCOPE

The scope of this 2021 audit is based on the Audit Standards articulated in memorandum sent from the Center to NGBs/USOPC on January 19, 2021.

The Audit covered the following areas:

- > EDUCATION AND TRAINING
- > COMMUNICATION AND REPORTING
- > QUALITY CONTROL

AUDIT METHODOLOGY

The Center adhered to the following audit protocol:

- *reviewed policies and procedures
- *evaluated processes
- *administered implementation fidelity testing
- *conducted interviews with various individuals responsible for compliance with the Center’s requirements.

No Management Response required.

AUDIT AREA: **QUALITY CONTROL SYSTEM**

REQUIREMENTS:

1. NGB must provide documentation of their Quality Control System to be used at events/competitions
2. The Quality Control System must include the following:
 - a. Written policy and procedure to ensure adults who have not completed the Center's Core SafeSport training are not able to have regular contact and/or authority over minor athletes (this includes walk-ups, day-of registrants, replacement referees/ officials etc.).
 - b. Written policy and procedure to ensure individuals who have been suspended and/or banned by the NGB and the U.S. Center for SafeSport are not able to participate in the event or competition.
 - c. Oversight and monitoring protocol by NGB including post event/competition review to ensure individuals who should be precluded from participating in the event/competition are not able to participate in future events/competitions.

SCORE:

Implemented

RATIONALE:

Requirements No. 1 is satisfied.

Requirement No. 2(a) and (b) is satisfied. NWBA has written policy and procedure to ensure that adults who have not completed the Center's SafeSport training are prevented from participating in NWBA sanctioned events. NWBA has written policy and procedure to ensure that individuals who have been banned or suspended by the NGB or the Center are not able to participate in the event or competition. The procedure includes tracking training and NWBA's Exclusion list within their membership system. Event Directors are then provided access to participant eligibility through NWBA's team rosters, officials, and non-affiliated member webpages.

Upon review of the NWBA's written Quality Control System, a procedure for day-of event registration or a last-minute substitution was implied, but not specified. If a last-minute day-of event registration or last-minute substitution were to occur, the policies and procedures already outlined within their Quality Control System would be followed. This finding did not impact the audit score.

During the audit, NWBA updated and submitted to the Center their written Quality Control System to more clearly ensure that the procedures detailed in their policy were inclusive of day-of event registrations or last-minute substitutions.

Requirement No. 2(b) is satisfied.

CORRECTIVE ACTIONS:

No Corrective Action required.

NOT IMPLEMENTED

A finding of this type indicates a minimal reduction in risk to minor athletes and reveals what is determined to be a poor environment of safety and well-being for minor athletes.

This can be a result of, but not limited to the following:

- > Presence of policies and all relevant and supporting documentation provided where required.
- > Adequate and consistent communication to Applicable Adults.
- > Adequate reporting and oversight structure for Required Prevention Policy violations.
- > 90% or higher compliance on Education & Training requirements.
