BACKGROUND AND AUDIT PURPOSE

The U.S. Center for SafeSport (the Center) is committed to building a sport community in which individuals can work and learn together in an atmosphere free of emotional, physical, and sexual abuse and misconduct. Federal law 36 U.S.C. §220541 authorizes the Center to develop and enforce abuse prevention policies and procedures that the U.S. Olympic & Paralympic Committee (USOPC) and its National Governing Bodies (NGBs) and Paralympic Sports Organizations (PSOs) must implement.

In accordance with that law, the Center has been granted authority to complete regular and random audits of NGBs, PSOs, and the USOPC. The Center objectively evaluates adherence and level of compliance to the requirements set forth in the SafeSport Code (the Code) and the Minor Athlete Abuse Prevention Policies (MAAPP).

AUDIT SCOPE

This 2022 audit is based on Administrative Audit Standards articulated in the Audit and Compliance Manual released by the Center on Jan. 11, 2022.

The audit covered the following areas:

- > EDUCATION AND TRAINING

MANAGEMENT RESPONSE

CORRECTIVE PLAN:

No Management Response required.

REQUIREMENTS:

- 1. Organization must implement a Quality Control System to ensure that individuals on the Organizational Exclusion List are unable to participate in any event, program, activity, or competition authorized by, organized by, or under the auspices of the Organization. The Quality Control System also must ensure that individuals who are required to be but are not SafeSport Trained are either prevented from participating or are in a role that does not include regular contact or authority over amateur athletes who are minors.
- 2. Quality Control System must include the Organization's written implementation protocol—clear action steps to effectuate policies—pertaining to all participant registration and onsite check-in. This written protocol must include and address the following:
 - a. One-day/short-term memberships
 - b. Day-of participant registration (of athletes, volunteers, coaches, officials, etc.)
 - c. On-site registration/participation (of athletes, volunteers, coaches, officials, etc.)
 - d. Last-minute substitutions (of personnel such as referees, volunteers, etc.)
 - e. Oversight procedures by the Organization when their staff is not on-site at sanctioned events

SCORE:	Implemented	
--------	-------------	--

RATIONALE:

Requirement No. 1 is satisfied. USS's QCS ensures individuals on the OEL list are unable to participate in all events. USS's QCS also ensures that individuals who are required to be but are not SafeSport Trained are prevented from participating except for as a spectator.

Requirement No. 2(a) and (d) are not applicable. USS does not allow one-day/short term memberships or last-minute substitutions.

Requirement No. 2(b) and (c) are satisfied. USS has a policy for day-of, on-site registrations and participation stating: 'all attendees at an event will be required to register at the tournament desk and their SafeSport compliance will be confirmed at that time. USS written policy does not have explicit language stating that day-of registrants are checked against the OEL list. This finding does not impact the score.

Requirement No. 2(e) is satisfied. US Squash has language in their QSC regarding oversight procedures although US Squash typically has staff on site at all sanctioned events. All event participants must have a current USS membership which ensures the requirements and policies are adhered to. US Squash also requires the tournament director to verify all requirements prior to the event.

CORRECTIVE ACTIONS:

US Squash must update language within its Quality Control System to state explicitly that dayof/same-day registrants are required to be checked against the OEL. It should also state that if any individual registering is found to be the OEL, the individual(s) must be prevented from participating in the event.
